WHO WE ARE

About ExportVisor

Export Visor is a Bangladesh-based export company that exports quality leather to international market through our tanneries. We manage the entire export process on your behalf, from the first enquiry to the final shipment.

WHAT WE DO

01 Sourcing

We match your requirement with tannery from our Bangladesh, across cow and goat leather in every stage.

02 Customisation

Leather type, thickness, finish, colour and selection are developed to your specification, not limited to a fixed range.

03 Quality Coordination

We coordinate specification checks, samples and pre-shipment inspection so what you approve is what you receive.

04 Export Handling

Quotation, documentation, packing and shipment are managed end to end by our export team.

OUR APPROACH

One export partner. Endless production capabilities.

Whatever your leather requirements, we fulfill your needs and deliver exactly **what you expect.**

PRODUCTS

Our Leather Range

COW LEATHER

Cow Leather

Large, strong hides with a firm, durable body and a wide range of thickness. The most versatile choice for footwear, bags, belts, upholstery and furniture.

Footwear · Bags · Belts · Upholstery

GOAT LEATHER

Goat Leather

Fine, tight grain with a soft hand and a light but tough structure. Preferred for gloves, garments, premium footwear, linings and small leather goods.

Gloves · Garments · Shoes · Small goods

AVAILABLE IN EVERY STAGE

01

WET BLUE

Chrome-tanned, unfinished hides. For buyers who dye, retan and finish in their own facility.

02

CRUST

Tanned, dyed and dried but not surface-finished. Ready for your own finishing and colour work.

03

FINISHED

Fully finished with the final surface treatment, colour and feel. Ready to cut and use.
